

MAIN AUDITORIUM

22nd May

08h45 SESSION 1

PVC | Prize Session 1

MODERATORS

António Assunção
Ivone Silva
Josef Klocker

JURY

Emílio Silva (President)
Sergi Bellmunt
Robert Ivonon
Herve Probst
Fernando Ramos
Daniel Brandão
José Vidoedo
Rita Augusto
Carolina Vaz
Sérgio Sampaio

08h45 [PVC.01](#) | ***Ten-year Experience In The Endovascular Repair Of Complex And Thoracoabdominal Aortic Aneurysms By An Off-the-shelf Multibranched Thoracoabdominal Endograft.***

Speaker: Antonio Cappiello

Discussant: Pedro Monteiro
Rita Augusto

08h57 [PVC.02](#) | ***Long-term Results Of Elective Endovascular Repair Of Complex Aortic Aneurysms By Custom-made Fenestrated Endografting***

Speaker: Carmine Polisenio

Discussant: Arlindo Matos
Ana Carolina Semião

09h09 [PVC.03](#) | ***Arterial Stiffness In Patient With Chronic Limb Threatening Ischemia***

Speaker: Joana Ferreira

Discussant: Andreia Coelho
José Vidoedo

PROGRAMME

PORTO
VASCULAR
CONFERENCE

09h30 SESSION 2
AORTIC 1

MODERATORS

Rui Machado

Ian Loftus

Jorg de Bruin

09h30 ***Should we follow the ESVS guideline proposal on surveillance after EVAR?***

Speaker: Hence Verhagen

Discussant: Sérgio Teixeira

09h42 ***How to start an institutional endovascular aortic arch treatment program***

Speaker: Gonçalo Alves

Discussant: Nuno Coelho

09h54 ***Open surgery skills training: more objective data are needed***

Speaker: Nabil Chakfé

Discussant: Luís Mendes Pedro

10h06 ***Outcomes of AAA repair performed by trainees***

Speaker: Frederico Bastos Gonçalves

Discussant: Jacinta Campos

10h18 ***Case in a box***

Speaker: Pedro Almeida

Discussant: José Oliveira Pinto

COFFEE-BREAK

PROGRAMME

PORTO
VASCULAR
CONFERENCE

11h00 SESSION 3
AORTIC 2

MODERATORS

Alexandra Canedo
Nabil Chakfé
Ali Aycan Kavala

11h00 ***Can Electrical Septotomy enhance the management of chronic Type B dissections?***

Speaker: Michael Wyatt

Discussant: Frederico Bastos Gonçalves

11h12 ***Hybrid Stent Graft Technique in Bridging Hostile Renal Arteries in Thoracoabdominal Branched Endografting***

Speaker: Mauro Gargiulo

Discussant: Gonçalo Alves

11h24 ***Role of aneurysm screening in era of decreasing prevalence***

Speaker: Ian Loftus

Discussant: Pedro Almeida

11h36 ***Aneurysm sac dynamics after EVAR, FEVAR and BEVAR. Are they the same and does it have prognostic value?***

Speaker: Hence Verhagen

Discussant: Joana Ferreira

11h48 ***Volume Measurements for Surveillance after Endovascular Aneurysm Repair using Artificial Intelligence***

Speaker: Jorg de Bruin

Discussant: Pedro Paz Dias

PROGRAMME

PORTO
VASCULAR
CONFERENCE

12h00 SESSION 4
VENOUS 1

MODERATORS

José Pereira Albino

Maria do Sameiro Caetano Pereira

Laszlo Papp

12h00 ***V.A.L.I.D. global project: globalizing the evidence, nationalizing the recommendation***

Speaker: Sergio Giancesini

Discussant: Ana Carolina Semião

12h12 ***The challenging anterior saphenous vein and appropriateness of care***

Speaker: Joel Sousa

Discussant: Andreia Coelho

12h24 ***Is thermal ablation still the gold standard for truncal ablation?***

Speaker: Lowell Kabnick

Discussant: Clara Nogueira

12h36 ***Has glue ablation changed my strategy for endovenous ablation?***

Speaker: A. Kürşat Bozkurt

Discussant: Luís Vilaça

12h48 ***How to improve your results in conventional saphenectomy?***

Speaker: Armando Mansilha

Discussant: Paulo Barreto

LUNCH

PROGRAMME

PORTO
VASCULAR
CONFERENCE

14h00 SESSION 5

PVC | Prize Session 2

MODERATORS

Isabel Cássio
Maria José Ferreira
David McLain

JURY

Luís Mota Capitão (President)
Sergi Bellmunt
Mark Koelemay
Fernando Ramos
Daniel Brandão
José Vidoedo
Rita Augusto
Sadasivam Selvakumar

14h00 **PVC.04** | *Management And Outcomes Of Vascular Malformations In Adults: A Retrospective Analysis*

Speaker: Tomasz Ostrowski

Discussant: Luís Antunes
Daniel Azevedo Mendes

14h12 **PVC.05** | *The Experience Of The Treatment Of The Complications Of The Injuries Of The Main Vessels*

Speaker: Yuliia Nahaliuk

Discussant: Nelson Oliveira
Daniel Brandão

14h24 **PVC.06** | *Inflammation In Aortic Surgery: Potential Role Of Biomarkers*

Speaker: Kerbi Alejandro Guevara-Noriega

Discussant: Joel Sousa
Mark Koelemay

14h36 **PVC.07** | *Internal Mammary Artery Aneurysm Coil Embolization In A Patient With Suspected Hereditary Connective Tissue Disorder: A Case Report*

Speaker: Laina Passos

Discussant: Ricardo Castro Ferreira
Mustafa Edis

15h00 SESSION 6
VENOUS 2

MODERATORS

Maria Emília Ferreira
Paulo Correia
A. Kürşat Bozkurt

15h00 ***Long term follow up of venous stents***

Speaker: Andreia Coelho

Discussant: Nelson Camacho

15h12 ***Principles of stenting in acute DVT intervention***

Speaker: Efthymios Avgerinos

Discussant: Joel Sousa

15h24 ***Indications, non-indications and bad indications for the treatment of varicose veins of the lower extremity***

Speaker: Lowell Kabnick

Discussant: Sergi Bellmunt

15h36 ***Surgery of the inferior vena cava for secondary malignant disease***

Speaker: Luís Mendes Pedro

Discussant: Filipa Jácome

15h48 ***Ten fundamentals in clinical compression***

Speaker: Sergio Giancesini

Discussant: José Pereira Albino

COFFEE-BREAK

17h00 SESSION 7
PERIPHERAL 1

MODERATORS

José Fernandes e Fernandes
Diogo Cunha e Sá
Michael Wyatt

17h00 ***Flexible approach to common femoral artery obstructive disease in CLTI***

Speaker: Mauro Gargiulo

Discussant: Carlos Amaral

17h12 ***Objective methods to assess aorto-iliac classifications***

Speaker: Nabil Chakfé

Discussant: Tankut Akay

17h24 ***Optimising perioperative pain and function after Major Lower Limb Amputation: an update of current research***

Speaker: David McLain

Discussant: Andrew Thompson

17h36 ***Best medical therapy for PAD***

Speaker: Pier Luigi Antignani

Discussant: Arsénio Barbosa

17h48 ***Comparative lipidomic analysis of plasma in abdominal aortic aneurysm and peripheral artery disease***

Speaker: Marina Dias Neto

Discussant: Pedro Brandão

PROGRAMME

PORTO
VASCULAR
CONFERENCE

23rd May

08h30 SESSION 8

EVST | Prize Session

MODERATORS

António Simões
João Almeida Pinto
Efthymios Avgerinos

JURY

Rui Almeida (President)
Arlindo Matos
Gabriel Anacleto
Frederico Bastos Gonçalves
Nelson Oliveira
Dalila Rolim

08h30 **EVST.01** | *Parallel Graft Technique For Total Aortic Arch Reconstruction – Experience Of A Tertiary Centre*

Speaker: Patrícia Carvalho
Discussant: Anita Quintas
Timmy Toledo

08h42 **EVST.02** | *Safety Of Carbon Dioxide During Endovascular Aortic Repair For Infrarenal Abdominal Aortic Aneurysm. A Systematic Review*

Speaker: Federica Campana
Discussant: Patricija Ivanova
Gabriel Anacleto

08h54 **EVST.03** | *Maintenance Of Femoro-tibial Bypass Patency Through A Strict Follow-up Protocol*

Speaker: Marco Mattiacci
Discussant: Sergi Bellmunt
Dalila Rolim

09h06 **EVST.04** | *The Impact Of Introducing Emergency Evar Surgeon-led Service On Improving The Outcomes Of Ruptured Aortic Aneurysms In A Uk Tertiary Vascular Unit*

Speaker: Ahmed Hassan
Discussant: António Pereira Neves
Nelson Oliveira

09h18 **EVST.05** | *Sex And Patency Of Primary Autologous Av Access: A Single-center Experience*

Speaker: Tiago Costa-Pereira
Discussant: Wayne Sapsford
Frederico Bastos Gonçalves

09h30 SESSION 9
VENOUS 3

MODERATORS

Carlos Amaral

Sergio Giancesini

Lowell Kabnick

09h30 ***Appropriateness of care in deep venous intervention***

Speaker: Efthymios Avgerinos

Discussant: João Silva e Castro

09h42 ***Classification of chronic venous obstruction***

Speaker: Houman Jalaie

Discussant: Mariana Moutinho

09h54 ***Deep venous disease/valvuloplasty***

Speaker: Sérgio Silva

Discussant: Ahmed Nassef

10h06 ***The role of IVUS in determination of landing zones***

Speaker: Houman Jalaie

Discussant: Ricardo Gouveia

10h18 ***Is Thermal Tumescent: still superior to Non Thermal Non Tumescent?***

Speaker: Rodrigo Rial

Discussant: Clara Nogueira

COFFEE-BREAK

11h30 SESSION 10
AORTIC 3

MODERATORS

Luís Mendes Pedro
Armando Mansilha
Mauro Gargiulo

11h30 ***Open and endovascular treatment of “Post-Coartectomy” aortic arch aneurysms (results of an International Registry with the largest published cohort)***

Speaker: Germano Melissano

Discussant: Gabriel Anacleto

11h42 ***Current controversies and challenges in Thoracic aortic guidelines***

Speaker: Ian Loftus

Discussant: Anita Quintas

11h54 ***Landing zone zero for TEVAR: the ultimate options***

Speaker: José Teixeira

Discussant: Pedro Amorim

12h06 ***What is the optimal time to treat visceral artery disease during EVAR?***

Speaker: Michael Wyatt

Discussant: Ruy Fernandes e Fernandes

12h18 ***Aortic neck dilatation after standard EVAR - a clinical threat or an imaging conundrum?***

Speaker: Nelson Oliveira

Discussant: Nuno Coelho

PROGRAMME

PORTO
VASCULAR
CONFERENCE

12h30 ***Urgent endovascular repair of juxta/para-renal aneurysm by off-the-shelf multibranched endograft***

Speaker: Mauro Gargiulo

Discussant: Frederico Bastos Gonçalves

12h42 ***The use of Bidirectional Inner Branches for the Repair of Complex Aneurysms***

Speaker: Nuno Dias

Discussant: João Silva e Castro

12h54 ***Impaired long-term survival with asymptomatic Perioperative Myocardial Injury following Endovascular Infraarenal Abdominal Aortic Aneurysm Repair***

Speaker: Jorg de Bruin

Discussant: Carla Joana Rodrigues

JURY

Joaquim Barbosa (President)

Jorge Costa Lima

Pedro Brandão

Alfredo Cerqueira

Mariana Moutinho

Luís Machado

António Pereira Neves

Leonor Vasconcelos

14h00 **EP.01** | ***Endovascular Management Of Dunbar Syndrome Complicated By Collateral Vessel Aneurysms: Efficacy And Safety Outcomes***

Speaker: Maciej Mach

Discussant: Luís Antunes

14h06 **EP.02** | ***Hybrid Approach Of An Infected Penetrating Aortic Ulcer In Contained Rupture***

Speaker: Diogo Domingues-Monteiro

Discussant: Nelson Camacho

14h12 **EP.03** | ***Kommerell's Diverticulum: A Tailored Hybrid Approach For An Octogenarian Patient When Open Surgery Is Not An Option.***

Speaker: Javier Ramirez Ruiz

Discussant: Pedro Amorim

14h18 **EP.04** | ***Rupture Of An Infected Femoral Dacron Patch: A Nightmare In Vascular Surgery***

Speaker: Rita Piedade

Discussant: Hugo Valentim

14h24 **EP.05** | ***Type B Aortic Dissection - When An Aberrant Right Subclavian Artery Jeopardizes A Desirable Endovascular Repair***

Speaker: Patrícia Carvalho

Discussant: José Almeida Lopes

14h30 **EP.06** | ***Lemierre's Syndrome In A Young Patient With Acute Promyelocytic Leukemia: A Curious Case***

Speaker: Diogo Domingues-Monteiro

Discussant: Henrique Guedes Rocha

14h36 **EP.07** | ***Multidisciplinary Management Of Secondary Aortoenteric Fistula: A Lifesaving Alternative Surgery In A Fragile Patient***

Speaker: Rita Piedade

Discussant: Timmy Toledo

14h42 **EP.08** | ***Surgical Management Of Arterial Thoracic Outlet Syndrome: A Unique Case Of Bilateral Cervical Ribs In An Adolescent Patient***

Speaker: Vítor Macedo-Campos

Discussant: Paulo Gonçalves Dias

14h48 **EP.09** | ***A Rare Cause Of Acute Mesenteric Ischemia: A Case Report Of Superior Mesenteric Artery Embolism Secondary To Infectious Endocarditis***

Speaker: José Miguel Vilas Boas

Discussant: Paulo Barreto

14h54 **EP.10** | ***Successful Surgical Management Of Concurrent Popliteal Artery And Vein Entrapment: A Case Report***

Speaker: Francisco Basílio

Discussant: Leonor Vasconcelos

15h00 SESSION 12
AORTIC 4

MODERATORS

Adelino Leite Moreira

José Teixeira

Germano Melissano

15h00 ***With Chronic TBADs Laser Assisted Resection Of The Dissection Septum Or Membrane Creates A Single Lumen TEVAR Landing Zone: How Is This Technique Performed And Updated Results***

Speaker: Nuno Dias

Discussant: Ruy Fernandes e Fernandes

15h12 ***Parallel grafts - an all-around off-the-shelf solution for the arch***

Speaker: Daniel Brandão

Discussant: Jorg de Bruin

15h24 ***Open surgical conversion of EVAR without removal of the proximal aortic and distal iliac stents is a safe and effective alternative to “ENDO-Stubbornness” when the sac keeps growing***

Speaker: Germano Melissano

Discussant: José Oliveira Pinto

15h36 ***Case in a box***

Speaker: Filipa Jácome

Discussant: Gonçalo Cabral

15h48 ***Advanced endovascular techniques for Type B Dissection***

Speaker: Nilo Mosquera

Discussant: Carlos Amaral

PROGRAMME

PORTO
VASCULAR
CONFERENCE

17h00 SESSION 13
PERIPHERAL 2

MODERATORS

Rodrigo Rial
Nilo Mosquera
José França

17h00 ***Can we improve outcomes of patients with acute limb ischaemia***

Speaker: Frederico Bastos Gonçalves

Discussant: Sérgio Silva

17h12 ***CLTI, distal and ultra distal revascularization***

Speaker: Gonçalo Cabral

Discussant: Celso Carrilho

17h24 ***Arterial vascular disease in women: what are the differences?***

Speaker: Joana Ferreira

Discussant: Teresa Boncoraglio

17h36 ***Fundamentals to treat peripheral vascular malformations***

Speaker: Ignacio Lojo Rocamonde

Discussant: Paulo Gonçalves Dias

17h48 ***Case in a box***

Speaker: Daniel Brandão

Discussant: Mário Vieira

18h00 AWARDS CEREMONY AND CLOSURE

PROGRAMME

PORTO
VASCULAR
CONFERENCE

SMALL AUDITORIUM

VSGBI @ PVC 2025

Friday | 23rd May

09h30 – 10h30

SWHSI - 2 trial update

Speaker: Ian Chetter

Quality improvement in Aneurysm Surgery - Lessons learnt from UK experience

Speaker: Ian Loftus

Visceral artery Aneurysms: Management update

Speaker: Sadasivam Selvakumar
