

PORTO VASCULAR CONFERENCE 2023

ORGANIZING COMMITTEE

CHAIRMAN

Armando Mansilha

CO-CHAIRMEN

Andreia Coelho

Daniel Brandão

Frederico Bastos Gonçalves

Joel Sousa

Rui Cernadas

YOUNG ORGANIZING COMMITTEE

António Pereira Neves

Diogo Monteiro

Filipa Jácome

Francisca Andrade

Lara Dias

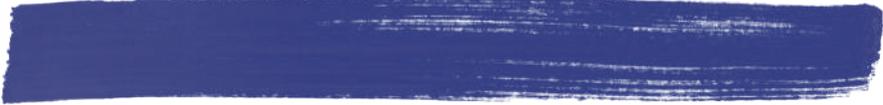

Leandro Nóbrega

Margaret Soares

Pedro Torrão Pinheiro

Tiago Costa Pereira

Tiago Moura

Porto Vascular Conference 2023 has **been accredited** by the Council for Continuing Medical Education (EACCME®) with **12 European CME credits** (ECMEC®s).

We are pleased to announce that PVC 2023 has been rated compliant with the MedTech Europe Code of Ethical Business Practice.

SESSION 1 – Rapid Pace 1

MODERATORS:

Vladimir Makaloski
Peng Wong

JURY:

Luís Mendes Pedro
Sadasivam Selvakumar
David McLain

08h30

RP01 Drug-eluting stents for hemodialysis access outflow stenosis: a promising alternative for cephalic arch disease

Speaker: Andreia Pinelo

09h00

RP06 Safety and considerations of left subclavian artery coverage in urgent thoracic endovascular aortic repair: a retrospective analysis

Speaker: Carlos David Aguila Zurita

08h36

RP02 Postoperative lymphatic leakage in vascular patients in the United Kingdom

Speaker: Arti Sweety

09h06

RP07 Too young to develop post-thrombotic syndrome: a case report

Speaker: Carolina Tavares

08h42

RP03 Symptomatic carotid stenosis associated with eagle syndrome

Speaker: Chloé Gottignies

09h12

RP08 is the degree of carotid stenosis a risk factor for a neurological event after carotid endarterectomy?

Speaker: Celso Nunes

08h48

RP04 Clinically complicated hemodialysis arteriovenous access of the upper limbs in patients with central venous occlusion: treatment and results from a single-center experience

Speaker: Beatrice Grando

09h18

RP09 Prosthetic infection secondary to appendicitis: an unusual complication of an aortobifemoral bypass

Speaker: Celso Nunes

08h54

RP05 Visceral artery aneurysm: endovascular approach as a first line using a dedicated pre-operative algorithm

Speaker: Betti Shyti

09h24

RP10 Do not forget the oncovascular: an acute limb ischemia due to aortic angiosarcoma

Speaker: Elisa Cabrini

SESSION 2 – FEBVS and Research Got Talent@PVC

MODERATORS:

Luís Mendes Pedro
Sadasiavam Selvakumar

SECRETARY:

António Neves

JURY:

Emílio Silva - President
Jorge Costa Lima
Arlindo Matos
Victor Martins

09h30

FEBVS 01 Procedural Safety in transcatheter aortic valve replacement in our Institution. When and how we do it.

Speaker: Carolina Vaz
Discussant: David McLain

09h40

FEBVS 02 Exploring the differences in skeletal muscle between patients with chronic limb-threatening ischemia and claudication.

Speaker: Joana Ferreira
Discussant: Vladimir Makaloski

09h50

FEBVS 03 Prevalence after modern open surgery and endothermal ablation – a systematic review.

Speaker: Joel Sousa
Discussant: Peng Wong

10h00

RGT 01 The impact of the first covid-19 wave on European vascular education

Speaker: António Pereira Neves
Discussant: Daniel Brandão

10h10

RGT 02 The impact of venous stenting across the inguinal ligament on primary patency: a systematic review

Speaker: Joel Sousa
Discussant: Reda Awad

10h20

RGT 03 Revised cardiac score index is a predictor of long-term outcomes after carotid endarterectomy

Speaker: Filipa Jácome
Discussant: Petar Zlatanovic

10h30 - 11h00

Coffee Break

SESSION 3 – EVST 1 Prize Session

MODERATORS:

Petar Zlatanovic
Joel Sousa

SECRETARY:

Patrícia Carvalho

JURY:

Emílio Silva - President
Alfredo Cerqueira
Pedro Sá Pinto
Pedro Monteiro

11h00

EVST01 Correlation between pedal acceleration time and transcutaneous oxygen pressure in diabetic foot population: a prognostic tool for wound healing

Speaker: Andreia Pinelo
Discussant: Joana Ferreira

11h10

EVST02 Predicting follow-up mortality after fenestrated/ branched endografting in thoracoabdominal aneurysms by a score system

Speaker: Antonio Cappiello
Discussant: Filipa Jácome

11h20

EVST03 Is HIV a risk factor for peripheral arterial disease?

Speaker: António Pereira-Neves
Discussant: Miguel Maia

11h30

EVST04 Type 2 endoleaks after fenestrated/branched endografting of juxta/para-renal aortic aneurysms

Speaker: Francesca Feroldi
Discussant: António Pereira-Neves

11h40

EVST05 A systematic review on upper extremity access for fenestrated and branched endovascular aortic repair

Speaker: Lara Dias
Discussant: Daniel Mendes

11h50

EVST06 Iliac-femoral occlusive disease hybrid treatment: our approach

Speaker: Luca Tonidandel
Discussant: Leandro Nóbrega

SESSION 4 – EVST 2 Prize Session

MODERATORS:

Jordi Maeso
Vaiva Dabravolskaite

SECRETARY:

Leandro Nóbrega

JURY:

Emílio Silva - President
Alberto Dias da Silva
Daniel Brandão
Joana Ferreira

12h00

EVST07 Objective evaluation of clockface suture compared to OSATS checklist

Speaker: Lucille Treil
Discussant: Tiago Pereira

12h10

EVST08 Old generation stents vs new generation stents for carotid artery stenting

Speaker: Marcello Lodato
Discussant: Tiago Moura

12h20

EVST09 The role of CT angiography in rutherford iib acute lower limb ischaemia: a systematic review

Speaker: Miguel Castro e Silva
Discussant: Diogo Monteiro

12h30

EVST10 Endovascular repair of one-hundred urgent/emergent frank/contained thoraco-abdominal aortic aneurysms ruptures: an international multi-center trans-atlantic experience

Speaker: Paolo Spath
Discussant: Dalila Rolim

12h40

EVST11 The efficacy of a standard protocol to prevent iliac limb occlusion in EVAR with a suprarenal fixation and long body endograft

Speaker: Stefania Caputo
Discussant: Vítor Ferreira

12h50

EVST12 Cardiac impact of high-flow arteriovenous fistulas in patients with renal failure on haemodialysis

Speaker: Wouter Uyterlinde
Discussant: Lara Dias

13h00 - 14h00

Lunch

SESSION 5 – Venous 1

MODERATORS :

Sergio Giancesini
Paulo Correia
José Pereira Albino

SECRETARY :

Marta Machado

14h00

Non-thermal, Non-tumescent: is it time to stop the "fire"?

Speaker: Sergio Giancesini
Discussant: José Almeida Lopes

14h36

Should GSV/SSV tributaries be always treated in truncal vein ablation/removal?

Speaker: Armando Mansilha
Discussant: Carolina Vaz

14h12

Compression after superficial venous intervention should be the norm

Speaker: Alun Davies
Discussant: Luís Vilaça

14h48

Case in a box

Speaker: Diogo Monteiro
Discussant: Alun Davies

14h24

Why do we need a new integrated anatomic and hemodynamic classification for primary superficial venous insufficiency?

Speaker: Joel Sousa
Discussant: Rodrigo Rial

SESSION 6 – Venous 2

MODERATORS:

Alun Davies
Rui Machado
Sérgio Sampaio

SECRETARY:

Tiago Moura

15h00

Transposition of the profunda femoral vein in patients with femoral reflux

Speaker: Sebastian Debus
Discussant: Daniel Brandão

15h36

First in human lymphatic glycoalyx identification & characterization

Speaker: Sergio Giancesini
Discussant: Andreia Coelho

15h12

What should the primary outcome be for acute DVT interventional trials?

Speaker: Alun Davies
Discussant: Nuno Coelho

15h48

Case in a box

Speaker: Leandro Nóbrega
Discussant: Rodrigo Rial

15h24

Distal DVT: how and when to assess and how and when to treat?

Speaker: Rodrigo Rial
Discussant: Carlos Pereira

16h00 - 16h30

Coffee Break

SESSION 7 – Carotid

MODERATORS :

José Fernandes e Fernandes
Alexandra Canedo
Elsa Azevedo

SECRETARY :

Filipa Jácome

16h30

Is the time right for a new trial of CEA vs BMT in symptomatic stenoses?

Speaker: Alun Davies
Discussant: Luís Machado

16h54

Do ACST-2 and SPACE-2 change my management of ACS?

Speaker: Hans Henning Eckstein
Discussant: Inês Antunes

16h42

Carotid revascularization Versus BMT for symptomatic patients – Results from the ECST-2 raise more questions than answers. Do NASCET and ECST need to be reconducted?

Speaker: Andreia Coelho
Discussant: Tiago Soares

17h06

Carotid endarterectomy versus Carotid artery stenting – What does high risk for surgery mean?

Speaker: Armando Mansilha
Discussant: Luís Antunes

17h18

Case in a box

Speaker: Filipa Jacome
Discussant: Hans Henning Eckstein

SESSION 8 – Rapid Pace 2

MODERATORS:

José Teixeira

Reda Awad

JURY:

Isabel Vilaça

Peng Wong

Julian Scott

17h30

RP11 Early and late outcomes of obturator canal bypass in infective vascular-related groin complications

Speaker: Fabrizio Cecere

18h00

RP16 Deep venous arterialization: an emerging procedure for no-option chronic limb-threatening ischemia patients

Speaker: Filipa Jácome

17h36

RP12 Neutrophil-lymphocyte and platelet-lymphocyte ratios as prognosis predictors after EVAR

Speaker: Filipa Jácome

18h06

RP17 Recurrence of secondary aortoenteric fistulas: natural history or treatment consequence?

Speaker: Marta Machado

17h42

RP13 Lifesaving corona mortis embolization in a patient with hemorrhage after ischiopubic ramus fracture

Speaker: João Diogo Castro

18h12

RP18 A novel custom-made aortic stent graft technology as an endovascular solution for juxtarenal abdominal aortic aneurysms

Speaker: Nicola Tusini

17h48

RP14 Seatbelt Aortic Injury – Case Report And Review Of Literature

Speaker: Lara Dias

18h18

RP19 Vascular surgery and the re-intervention paradigm – a case report

Speaker: Rita Carreira Garcia

17h54

RP15 Outcomes of medial versus posterior approach for popliteal artery aneurysm repair

Speaker: Leonor Baldaia

18h30

Closure

SESSION 9 – Aortic 1

MODERATORS:

Jordi Maeso
Adelino Leite-Moreira
Luís Mota Capitão

SECRETARY:

Luís Fernandes

09h00

Non-elective treatment of thoracoabdominal aortic aneurysms – Is there a place for the endovascular repair?

Speaker: Marina Neto
Discussant: João Silva e Castro

09h36

Prevention of cerebral microemboli and silent infarctions after TEVAR

Speaker: Pedro Almeida
Discussant: Carlos Amaral

09h12

Marfan Syndrome endo treatment: when and how

Speaker: José Teixeira
Discussant: Ricardo Castro Ferreira

09h48

Case in a box

Speaker: Lara Dias
Discussant: Frederico Bastos Gonçalves

09h24

Current strategies for preventing spinal cord ischemia in complex aortic endovascular repair

Speaker: Luís Mendes Pedro
Discussant: José Oliveira Pinto

SESSION 10 – Aortic 2

MODERATORS:

João Albuquerque e Castro

Isabel Cássio

Duarte Medeiros

SECRETARY:

Lara Dias

10h00

Thoracoflo: a new option for thoracoabdominal aortic repair

Speaker: Sebastian Debus

Discussant: Roger Rodrigues

10h36

Improving risk prediction for standard EVAR – 2 or more adverse features means “no go?”

Speaker: Mauro Gargiulo

Discussant: Joel Sousa

10h12

EVAR with Sac Embolization for the Prevention of Type II Endoleaks (EVAR-SE) – rationale and current status of an ongoing RCT

Speaker: Hans Henning Eckstein

Discussant: Pedro Almeida

10h48

Case in a box

Speaker: Tiago Moura

Discussant: Carlos Amaral

10h24

Post-implant syndrome following complex endovascular procedures – incidence and implications

Speaker: Frederico Bastos

Gonçalves

Discussant: Wayne Sapsford

11h00 - 11h30

Coffee Break

11h30

Industry Symposium

SESSION 11 - Aortic 3

MODERATORS:

Mauro Gargiulo
Rui Almeida
João Oliveira

SECRETARY:

Filipa Jácome

12h00

The short neck – what's new?

Speaker: Nelson Oliveira
Discussant: Anita Quintas

12h36

End of life care in Vascular Patients

Speaker: Julian Scott
Discussant: Arsénio Barbosa

12h12

Is follow-up after EVAR worthwhile?

Speaker: Frederico Bastos
Gonçalves
Discussant: Mariana Moutinho

12h48

Case in a box

Speaker: Leandro Nóbrega
Discussant: Jordi Maeso

12h24

Anatomical feasibility of iliac side branch grafts in the real world

Speaker: Mauro Gargiulo
Discussant: Rita Augusto

13h00 - 14h00

Lunch

SESSION 12 - Venous 3

MODERATORS:

Maria Emília Ferreira
Manuel Fonseca
Maria do Sameiro Caetano Pereira

SECRETARY:

Diogo Monteiro

14h00

Mechanical thrombectomy for venous thromboembolism:

A pathway to consider

Speaker: Houman Jalaie
Discussant: Joana Moreira

14h36

Optimal management of patients with superficial vein thrombosis

Speaker: Armando Mansilha
Discussant: Jacinta Campos

14h12

Vein-lymphatic evidence-based fake-news-free v-WINter document

Speaker: Sergio Giancesini
Discussant: Sérgio Teixeira

14h48

Case in a box

Speaker: Lara Dias
Discussant: Houman Jalaie

14h24

Defining patient groups who should not undergo venous stenting

Speaker: Houman Jalaie
Discussant: João Vasconcelos

SESSION 13 - Peripheral 1

MODERATORS:

António Simões
Diogo Cunha e Sá
Maria José Ferreira

SECRETARY:

Tiago Pereira

15h00

Evolution of inflammation in patients with peripheral arterial disease

Speaker: Joana Ferreira
Discussant: Teresa Boncoraglio

15h36

Stenting the common femoral artery. From taboo to reality

Speaker: David McLain
Discussant: Duarte Rego

15h12

The rationale behind endovascular revascularization technique selection in the femoral-popliteal sector

Speaker: Nelson Oliveira
Discussant: David McLain

15h48

Case in a box

Speaker: Filipa Jácome
Discussant: Ignacio Lojo Rocamonde

15h24

Complex aorto-iliac endovascular revascularization. Tips and tricks

Speaker: Ignacio Lojo Rocamonde
Discussant: Ana Carolina Semião

16h00 - 16h30

Coffee Break

SESSION 14 - Peripheral 2

MODERATORS:

Rodrigo Rial
João Almeida Pinto
António Assunção

SECRETARY:

Margaret Soares

16h30

From endo to open... The vein dictatorship

Speaker: Daniel Brandão
Discussant: Ricardo Vale Pereira

17h06

IV drug false femoral aneurysms

Speaker: Julian Scott
Discussant: Diogo Silveira

16h42

Management of coexisting arterial and venous disease, especially in patients with venous ulcers

Speaker: Rodrigo Rial
Discussant: Pedro Brandão

17h18

Case in a box

Speaker: Tiago Pereira
Discussant: Julian Scott

16h54

Peri-procedural imaging modalities – How can it influence the results?

Speaker: Ignacio Lojo Rocamonde
Discussant: Carla Joana Rodrigues

SESSION 15 – Aneurismas: rastreio e seguimento

MODERATORS:

Luís Gonçalves
Francisca Andrade
Marina Neto

14h15

GP02 **Quem rastrear nos CSP: evidência relativa ao aneurisma da aorta abdominal.**

Speaker: Andreia Godinho de Sousa

14h00

GP01 **Can an aneurysm highlight the importance of the family doctor as a patient health manager?**

Speaker: Samuel Canelas

14h30

Aneurismas: rastreio e seguimento

Speaker: Marina Neto

SESSION 16 – Isquemia mesentérica aguda e crónica

MODERATORS:

Júlio Rego
Rui Cernadas
Joel Sousa

15h15

GP04 **Isquemia mesentérica crónica - a propósito de um caso clínico**

Speaker: Ana Catarina Sousa Alves

15h00

GP03 **Muito mais do que aneurismas**

Speaker: Eduardo Oliveira

15h30

Isquemia Mesentérica Aguda e Crónica

Speaker: Joel Sousa

SESSION 17 – Prevenção e tratamento de úlceras no ambulatório

MODERATORS:

Sónia Cardoso
Pedro Torrão Pinheiro
Joana Ferreira

16h45

GP06 **Úlceras de natureza mista: um caso complexo**

Speaker: Mafalda Sá Moreira

16h30

GP05 **Crónica a úlcera, aguda a solução**

Speaker: Patrícia Tuna

17h00

Prevenção e tratamento de úlceras no ambulatório

Speaker: Joana Ferreira

INDUSTRY SYMPOSIUM AND WORKSHOP

MEDTRONIC SYMPOSIUM

01st July 11h30

Main Auditorium

**10-year primary AAA outcomes
from the ENGAGE OUS registry**

Speaker: Frederico Bastos Gonçalves

Medtronic
Further, Together

ALFA SIGMA WORKSHOP

01st July 10h30 às 13h00

Medium Auditorium

Workshop Sclerotherapy de varizes

Speaker: Marina Neto

ALFASIGMA 

10h30 **Introdução teórica**

11h00 **Coffee Break**

11h30 **Hands On**

13h00 **Conclusão**
